Dear Sue McKay,

The EAC has reviewed Engineering Change Order (ECO) 1148, including supporting documentation and analysis provided by the voting system test lab. This minor change to the documentation of the specified system does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

This correspondence is to inform you that ES&S ECO 1148 is approved.

Sincerely,
