Re: HART Engineering Change Order 01592

Dear Pam Geppert,

The EAC has reviewed Engineering Change Order (ECO) 01592, including supporting documentation and analysis provided by the voting system test lab. The ECO impacts all Verity Voting systems. This ECO change adds an additional equivalent source to three components and makes additional clerical corrections. These minor changes do not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

This correspondence is to inform you that HART ECO 01592 is approved.

Sincerely,

Sean Pumphrey
Election Technology Specialist, Testing & Certification
