

U. S. ELECTION ASSISTANCE COMMISSION
1225 New York Avenue, NW, Suite 1100
Washington, DC. 20005

**Proposal to Adopt Federal Election Commission Policy for Amending
State Instructions to Reflect State Law**
Offered by Vice-Chair Caroline C. Hunter

The Office of Election Administration has requested a Commission vote on all changes to the form, from the initial development of the national mail voter registration form in 1993 to the present. Yet changes to State law that, in turn, require changes to the State information on the national form are beyond the control of the Commission. Therefore, the Office of Election Administration proposes that, in the future, all changes to State information be completed without a formal Commission vote. The Office of Election Administration will notify the Commission via *Information Bulletin* as such changes are made. This will enable our office to more quickly update the form for changes in State information.

The Office of Election Administration will continue to submit for Commission vote all other applicable changes, such as revisions to the postcard application or to the parts of the instructions that are not State specific.
